HOUSE

**A Christmas wreath at the front door, singing reindeer at the back door
Welcome Santa mat at the chimney, flashing lights all around.**

**We put up the
decorations around
the whole house**

**Inside and outside,
for Christmas is near!**

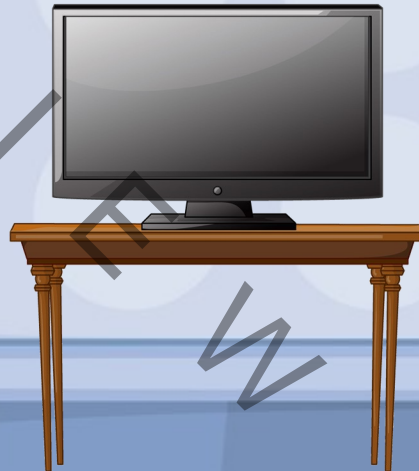

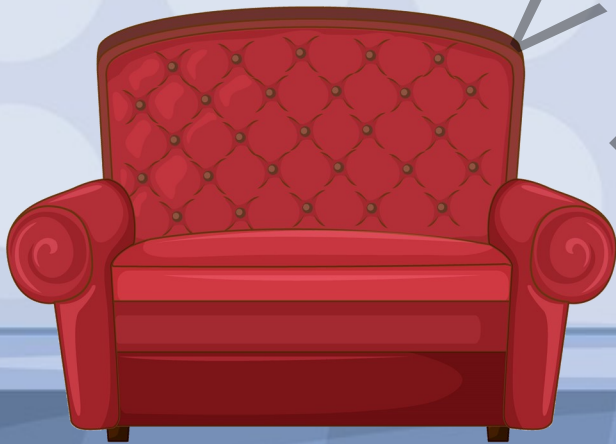

**The Christmas tree holds the pride of place, a sparkling star shines on every face,
Christmas cards adorn the fireplace, bon bons in their case.**

**We put up the decorations around the whole house,
Inside and outside, for Christmas is near!**

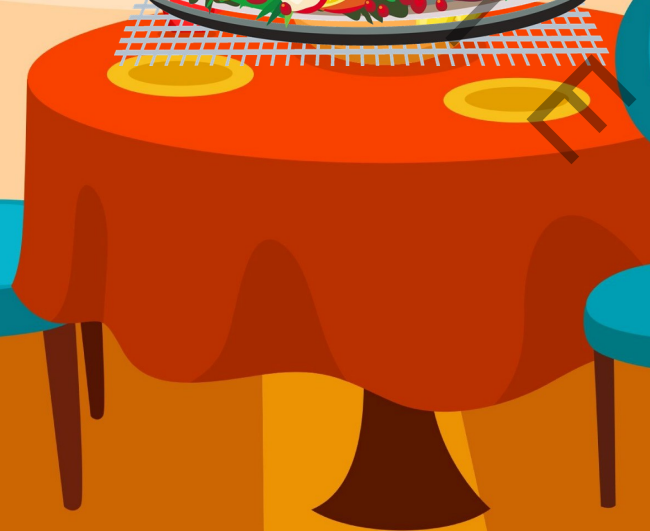

In the bathroom there
are baubles
And holly in the hallway
Tinsel round the toilet
Christmas bells on the cat!

**We put up the decorations around the whole house,
Inside and outside, for Christmas is near!**

**The fridge is overflowing, The doors of the cupboard won't close,
Groceries in the garage, every plate is in use!**

**We all eat too much for Christmas lunch,
I can't eat another bite until tonight!**

**The house is all decorated, The food has all been eaten,
Presents have been opened, It's time now to sleep!**
