Teaching Suggestions:

** If you have a class that won't settle if they sing the syllable 'bum' you might like to teach the song with 'bom' or 'bam' instead.*

** Each time you sing the song get a little faster. You might like to have a competition to see who can successfully sing the fastest with the correct actions.*

** This clapping song is done individually, however, you might like to have students face a partner, or sing in a circle facing one another for social interaction and for fun!*

** Alternatively, students can stand in a circle facing each other and on every rest, they have to spin around a half circle so they alternate facing each other and facing the outside of the circle.*
