Formation: Children sit, stand or kneel in a circle.

Game:

- The children pass a ball on the beat.
- The child holding the ball when the song ends is out.

Teaching tip: for young students, or when just beginning the song, use a bigger ball to aid co-ordination. When the students have had more practise, reduce the size of the ball.

Alternative activities:

- Improvise new words e.g.
Stinky garlic pass it on...
Old banana pass it on...
Dirty black sock pass it on...
- Use different objects to pass around. Children pass them with their eyes shut and the child who has the object when the song ends guesses the name of the object.
