you just for fun?

## Game:

*Formation: a sitting circle. One child is the kangaroo and crouches in the centre with eyes closed. When the kangaroo's eyes are closed the teacher chooses a child in the circle who will sing the last phrase of the song.*

1. As the children sing, the child chosen to sing the last phrase creeps into the circle and stands behind the kangaroo.
2. At the last phrase, this child covers the kangaroo's eyes with his/her hands and sings "Guess who's caught you just for fun?"
3. The kangaroo tries to guess the singer.
4. The game begins again with the singer becoming the new kangaroo.
